 - 1) Engage in making responsible decisions.
 - 2) Do not engage in delinquent behaviors.
 - 3) Develop positive sense of self.
 - 4) Develop and maintain positive relationships in family, social, educational, employment, community, and cultural settings.

C. Description of the Goals of the Service

The goal of this 2-year pilot program is to provide a safe and temporary living environment in which youth are able to increase their resiliency and reduce their risk factors to such an extent that they are able to safely return to a more permanent living situation. Although the initial target group for the Safe House program is juvenile females referred by the Family Courts, OYS, and DHS, other targeted youth in need of this service may also be identified as future conditions, circumstances, and assessment of needs may dictate.

The Safe House shall be initially limited to six youth at any given time. The applicant shall accept up to eight youth upon the acquisition of required licenses and permits and approval by pertinent city and state agencies.

III. Scope of Work

A. Service Activities (Minimum and/or Mandatory Tasks and Responsibilities)

The general length of stay in the Safe House program is 90 days to 180 days. However, the actual length of stay may vary according to the risk level and needs of the youth.

1. Applicants should describe in the proposal how the following basic components are incorporated into their program:
 - a) A Coordinated Approach. Establishing an effective continuum of services for youth can only occur within the context of a coordinated program of interagency cooperation. Therefore, the proposal should describe applicant’s efforts with other agencies and/or community groups to coordinate and integrate services to youth in the community.
 - b) Community Involvement. Community members should be engaged to actively participate in identifying and prioritizing needs and services to be offered to ensure appropriateness and that the needs of all youth are being met. Members of a community also offer a valuable perspective of the strengths, protective factors, and resources within their boundaries.
